AMENDMENTS TO THE DRAWINGS

Attached is proposed amendment to Figure 2. The amendment, indicated in red, consists of removing the illustrated channel from the lower flange 14, and also removing the inadvertent inclusion of reference number 16 as applied to the lower flange 14. The lower flange is actually designated 14, and does not include a channel, as explained in paragraphs 0027 and 0028 of the published application.

It is respectfully submitted that no new matter is added, and the drawing amendment merely makes Figure 2 consistent with the specification as filed.
